As a PDK chapter officer you have the power to help shape the future of education. Working together, PDK members can solve education's most pressing challenges.

This guide is intended to aid you in leading a vibrant, influential PDK chapter that will further the PDK mission and bring our collective vision to fruition. The leadership you provide is crucial to the success of your chapter and the success of PDK—that success will ultimately assure that all students have equal access to a high-quality education.

We don't want to burden you with administrative duties and paperwork requirements. Rather, we want to support you in accomplishing activities that are directly related to the PDK mission, vision, and goals. We encourage you to select activities that your leadership team finds meaningful and within your capacity to accomplish. Smaller chapters may elect to choose only one or two activities to accomplish this year, while larger chapters may have the capacity to accomplish several. Whatever you choose, we are here to lend support to your efforts.

Look inside for PDK-sponsored activities, and if your chapter creates activities that are not listed here and that support our vision and goals, let us know.

With great appreciation for your leadership,

Dr. John Kenneth Amato  
PDK International President
